He referenced Exhibit C - Reasons for Decision for the appeal of the 2017 assessments from the Louisiana Tax Commission in the matter of Louisiana Riverboat Gaming Partnership, Diamond Jacks Casino and Hotel v. BOSSIER PARISH POLICE JURY

Mr. Edmiston announced the protest of New Century Exploration, Inc., 1900 Dalrock Road, Rowlett, TX 75088. Mr. Sam Morey, KE Andrews Valuation Tax Solutions, was present on behalf of New Century Exploration, Inc., for Assessment Nos. 180574 and 181033.

Mr. Morey stated that these two assessments represent two oil and gas wells that are on the assessment roll as producing wells. He stated that the oil and gas wells have not been completed and are not producing. He further stated that per the Tax Code, these wells should not be assessed and have no market value.

Mr. Morey requested that the assessment value for Assessment Nos. 180574 and 181033 be \$0.00.

Mr. Sale stated that the two wells are not being assessed as producing wells, but as shut-in wells per the Tax Commission Rules and Regulations. He stated that these wells are receiving a 90 percent obsolescence factor to a full producing well.

Mr. Sale stated that these two wells, as well as additional wells, were purchased at the beginning of 2018, and since that time, the Assessor's Office has received LAT 12 filings on the wells from an agent representing the prior owner. He stated that the agent filed renditions on behalf of New Century Exploration, Inc., and they were accepted as complete renditions on these two wells which were assessed as shut-in wells.

Mr. Sale stated that the two wells in question were not turned in as complete to the Louisiana Department of Natural Resources prior to being classified as shut-ins. He stated that typically a well is completed and may begin producing at a later shut-in as a no producer. Mr. Sale stated that there are issues with operators skipping the completion process and taking it to a shut-in status. He stated that the Bossier Parish Assessor's Office has other wells with operators in the same classification and the operators render those wells as shut-ins.

Mr. Sale stated that the prior owner of the two wells being addressed today rendered the wells as shut-ins last year, and he accepted the rendition from the current owner by the prior agent as the rendition of the two wells as being shut-ins with no surface equipment on the wells.

Mr. Sale stated that subsequently he did determine that KE Andrews Valuation Tax Solutions was acting as agent for New Century Exploration, Inc., and they rendered some LAT forms for wells, but the renditions were not complete and unacceptable. He stated that there was no equipment listed. Mr. Sale stated that the issue that is being

appealed is the fact that the Assessor's Office has the wells on roll and they have been assessed the same as prior years as shut-in wells with 90 percent obsolescence and no surface equipment.

Mr. Sale stated that exhibits which have been provided to the jurors includes well information from the Natural Resources database which shows the two wells as Class 31 shut-in future utility and shows the dates that casings were placed down hole which is essentially what the State of Louisiana values as far as ad valorem tax.

Mr. Edmiston stated that the appeal is based on New Century Exploration, Inc.'s, argument that the wells never reached a complete status and therefore the wells are not taxable. He stated that the prior owners of the wells submitted the wells as shut-ins, and were assessed as such in 2017 and 2018.

Motion was made by Mr. Avery, seconded by Mr. Brotherton, to uphold the assessment of property owned by New Century Exploration, Inc., located on Sentell Road, Bossier Parish, LA, Assessment Nos. 180574 and 181033, as established by the Bossier Parish Tax Assessor.

The President called for public comment. Mr. Morey stated that there are approximately 40 wells that fall into this category as being shut-in, and he worked with another parish in which the wells were located and it was determined that there was no surface equipment, no revenue associated with these wells and therefore had no fair market value.

Votes were cast and the motion carried unanimously.

GLENN BENTON, PRESIDENT
BOSSIER PARISH POLICE JURY

There being no further protests, the Board of Tax Review was adjourned by the President.

Ms. Hauser announced the public hearing to consider approval of the application of Shawn Burch, to the Benton-Parish Metropolitan Planning Commission, for a zoning amendment to change the zoning classification of a 0.57-acre tract of land, more or less, located at 4711 Palmetto Road, in Section 16, Township 19 North, Range 13 West, Bossier Parish, LA, from R-1, One-Family Residence District, to B-1, Transition Business District, for a Comprehensive Screening Solution Business. The application received a favorable recommendation from the Benton-Parish MPC.

Mr. Sam Marsiglia, Benton-Parish MPC, stated that 4711 Palmetto Road is located in Edwards Subdivision outside of the Town of Benton limits and the majority of the property in the subdivision is zoned R-1. He stated that two lots located to the south in the subdivision were changed to commercial zoning in the 1980's.

Mr. Marsiglia stated that Mr. Burch is requesting to convert a vacant home on the corner of Edwards Street and Palmetto Road to an office for a background screening business which requires a B-1 zoning. He stated that the home has been vacant for some time, and he plans to remodel the home.

Mr. Marsiglia stated that the Benton-Parish MPC did not unanimously approve the B-1 zoning request, but it was subsequently approved with a majority vote.

Mr. Skaggs asked if the lot is a numbered lot in Edwards Subdivision. Mr. Marsiglia stated that the vacant home is located on Lot 4, Edwards Subdivision.

Mr. Shawn Burch, applicant, was present. He stated that Uncle Henry's Barbeque is located on Lot 1, Edwards Subdivision, and Moore's Boats and Motors, as well as storage for boats, is located on Lot 15, Edwards Subdivision. He

further stated that Lots 1 and 15 have been rezoned for commercial use. Mr. Burch stated that he is requesting that Lot 4 be rezoned to B-1, which is the least invasive business zoning, and is a lower level of business zoning than Lots 1 and 15.

Mr. Burch stated that his business is currently located in a commercial strip center located just north of Lot 4, Edwards Subdivision. He stated that his company performs background checks and sells renter's insurance programs. He further stated that he began his business from his home and as his business grew, he moved the business to the commercial strip center on Palmetto Road approximately 14 years ago. He stated that Edwards Subdivision is located next to the commercial strip center, and the business has never adversely affected the subdivision.

Mr. Burch stated that in the last year, only two clients have physically visited their office. He stated that his business is not a drug testing or drug rehab center. He further stated that he has spoken with residents that have signed a petition stating that they oppose the requested rezoning of Lot 4 because they were advised that his business was a drug testing or drug rehab center.

Mr. Burch stated that he and his family are residents of Benton and his children attend Benton schools. He stated that the home on Lot 4 was scheduled for foreclosure at the end of the month, and he purchased the home. He further stated that the previous owners of the home were running a siding business from the home, and an office was built in the garage with the name of the business on the door to the office. He presented photos of the proposed layout of the home once it is remodeled.

Mr. Avery asked if this is the same type of request that the police jury recently remanded back to the Bossier-City Parish MPC. Mr. Marsiglia confirmed that the police jury did recently remand an application for a zoning amendment back to the Bossier City-Parish MPC which was for a similar request. He stated that it is likely that the Bossier City-Parish MPC and Benton-Parish MPC will see an increase in zoning amendment requests similar to these requests.

Mr. Benton asked if there are landscaping requirements for commercially zoned properties. Mr. Marsiglia stated that there are no ordinances which address landscaping requirements, but a wood fence is required for buffering between commercial and residential areas. He stated that Mr. Burch would be required to meet the minimum parking requirements of one space for every 200 square feet of the building. He further stated that driveway placement would have to be approved by the Parish Engineer.

Mr. Avery stated that consideration needs to be made for the highest and best use of properties, and as these requests will continue, it is likely that the applicants will not receive 100 percent approval from the subdivision residents for zoning amendments.

Mr. Benton stated that Mr. Marsiglia is working to create a group to present a recommendation to the police jury for creation of an overlay district to address these issues. Mr. Marsiglia stated that a proposal has been received from Mr. Neil Erwin, Neil Erwin Law, LLC, for creation of a future land use plan for the Benton-Parish MPC, and it is anticipated that a contract will be signed in the near future.

Mr. Burch stated that he does not feel that his request for a zoning amendment is similar to other requests as there are already two lots within the subdivision that have been rezoned for business use in Edwards Subdivision.

Mr. Thomas Thomisee, 112 Edwards Street, Benton, LA, stated that to his knowledge the residents in Edwards Subdivision were never notified of Lots 1 and 15 being rezoned for business use. Mr. Jackson stated that it appears that Lots 1 and 15 were rezoned for business use in the early 1980's, and asked if homes were constructed in Edwards Subdivision at that time. Mr. Avery stated that there were existing homes in Edwards Subdivision in the early 1980's.

Mr. Thomisee stated that there are 16 homes located in Edwards Subdivision and presented a petition signed by 13 of the 16 lot owners opposing the zoning amendment of Lot 4 from R-1 to B-1. He stated that he is unsure of the legality of the subdivision covenants, but the covenants prohibit a business from locating within the subdivision. He further stated that a business in the subdivision, as well as the existing two businesses, disrupts the continuous flow of the homes and will affect their home values in the future.

Mr. Benton asked if there is a proposed timeline that the future land use plan for the Benton-Parish MPC will be presented by Mr. Erwin. Mr. Marsiglia stated that the proposed contract with Mr. Erwin is a six-month contract and it is anticipated that the contract will be signed in October, 2018.

Mr. Benton stated that a meeting was recently held by the Bossier Parish Road/Subdivision Regulations Committee to discuss these requests. He stated that with 13 of the 16 lot owners in Edwards Subdivision signing a petition in opposition of the requested zoning amendment that indicates that the majority of the lot owners oppose this zoning amendment.

Ms. Bennett stated that she believes that most homeowners on Airline Drive and Palmetto Road do not want a driveway directly onto Airline Drive or Palmetto Road. She further stated that a business zoning for Lot 4 could potentially increase the value of the homes. Ms. Bennett stated that all parties should receive fair consideration in these matters.

Ms. Bennett stated that Mr. Burch has confirmed that he will not change the outside aesthetics of the home. She stated that the highest and best use of the property needs to be considered, and feels that approving the zoning amendment from R-1 to B-1 is the best possible use of the lot.

Mr. Benton stated that it has been the policy of the police jury to deny any changes to a lot in an existing subdivision without 100 percent approval from all residents of the subdivision. He stated that a land use study will be conducted in the near future to address these requests. He expressed concern that the police jury has recently denied a zoning amendment similar to this request and feels that it would not be in the best interest of the police jury to approve this request at this time.

Mr. Jackson stated that for the last 15 or more years, the police jury has required that 100 percent approval of the residents of an existing subdivision must be obtained prior to allowing any change to a lot in the subdivision. He stated that a study for a land use plan will be conducted, and once that has been completed, the police jury can properly consider these types of zoning amendments. He further stated that fewer residents are locating on main thoroughfares, and those properties are being converted to businesses.

Mr. Jackson stated that it would be appropriate for the police jury to remand this application for a zoning amendment back to the Benton-Parish MPC until such time as a study for a land use plan is complete and a process can be presented to the police jury for consideration.

Mr. Benton asked Mr. Burch if he would be agreeable to pull his application for a zoning amendment until such time as a study can be complete. He stated that if the police jury denies Mr. Burch's application, he will not be able to reapply for six months.

Mr. Burch stated that zoning amendments from residential to business use have already been approved on two lots in Edwards Subdivision, and he has spoken with two residents that are contiguous to Lot 4, and they have expressed they do not object to the zoning amendment as long as the business is not a drug rehabilitation and a privacy fence is installed. Mr. Benton stated that the current police jurors were not serving on the police jury when Lots 1 and 15 were changed from residential to business zoning in the 1980's. He stated that his concern is how a business on Lot 4 may affect the homes in the subdivision. Mr. Benton recommended that Mr. Burch present his plan to all residents to ensure that they receive an accurate description of what he is proposing.

Mr. Marsiglia stated that the Benton-Parish MPC board member that opposed Mr. Burch's zoning amendment stated that if Mr. Burch were purchasing all three lots on Palmetto Road and converting them all to a business use, he would have approved the zoning amendment. He stated that it is rare that multiple lots are purchased and converted to business zoning.

Mr. Marsiglia stated that a public meeting will be held to present the proposed land use plan study to the public for questions and concerns to be presented to the consultants.

Mr. Benton stated that his concern is if Mr. Burch decides to sell the lot after it has been rezoned for business use, another business could purchase the lot and change the aesthetics of the lot and concrete the entire lot. Mr. Marsiglia stated that a certain amount of green space is required for business lots.

Mr. Cochran stated that he would not be able to approve this application at this time when a similar application was recently remanded back to the Bossier-City Parish MPC by the police jury. He stated that he believes the land use plan study needs to be complete prior to the police jury making any decisions on these types of applications.

Mr. Rimmer asked if a B-1 zoning was approved for this lot, could a drug rehab or drug testing facility purchase and locate their business on this lot. Mr. Marsiglia stated that any medical uses in a B-1 zoning classification in the Benton-Parish MPC would require an additional public hearing and approval of a special exception use. He stated that a B-1 zoning classification does allow for different types of business to locate in that zoning area.

After further discussion, **motion was made by Ms. Bennett, seconded by Mr. Shewmake, to remand the application of Shawn Burch, to the Benton-Parish Metropolitan Planning Commission, for a zoning amendment to change the zoning classification of a 0.57-acre tract of land, more or less, located at 4711 Palmetto Road, in Section 16, Township 19 North, Range 13 West, Bossier Parish, LA, from R-1, One-Family Residence District, to B-1, Transition Business District, for a Comprehensive Screening Solution Business, back to the Benton-Parish MPC.**

The President called for public comment. Mr. Thomisee stated that the previous owner of Lot 4 did not have a business at his home. He stated that a Benton-Parish MPC board member expressed concern that if the zoning amendment for Lot 4 is approved, it could be considered spot-zoning.

Mr. Billy Burks, 117 Edwards Street, Benton, LA, stated that he has lived in his home in Edwards Subdivision since 1980, and a business was never conducted from the home on Lot 4, Edwards Subdivision, and there was never a business sign at the home. He stated that the previous home owner had a business located in Bossier City, and when he became ill, he moved the material to his home for storage only.

Mr. Burks stated that Moore's Boats and Motors has moved their business and is no longer conducting business on Lot 15, Edwards Subdivision.

Mr. Benton stated that commercial zoning on Lots 1 and 15 were approved in the 1980's, and the request for a zoning amendment being considered today is for Lot 4, Edwards Subdivision. He stated that a public hearing to rehear this matter will be rescheduled.

Votes were cast and the motion carried unanimously.

Ms. Hauser announced the public hearing to consider approval of the plat of the proposed development of Buckhorn Ridge Subdivision, located in Section 18, Township 18 North, Range 11 West, Bossier Parish, LA.

Ms. Hauser requested that the record reflect that School Board District 2 does not apply and needs to be removed from the agenda item to consider adoption of a Resolution ordering and calling a special election of the qualified electors of Police Jury District 2, Parish of Bossier, State of Louisiana, on December 8, 2018, at which election there shall be submitted to the qualified electors the following propositions:

- (1) Shall the sale of beverages of alcoholic content containing not more than six (6) percent alcohol by volume be permitted by package only and not for consumption on the premise?
- (2) Shall the sale of beverages of alcoholic content containing not more than six (6) percent alcohol by volume for consumption on the premises be permitted?
- (3) Shall the sale of beverage alcohol containing one-half (1/2) of one (1) percent by volume and above for consumption on the premises be permitted?
- (4) Shall the sale of beverage alcohol containing one-half (1/2) of one (1) percent by alcohol and volume and above be permitted by package only and not for consumption on the premises?
- (5) Shall the sale of beverages of high and low alcoholic content be permitted only on the premises of restaurant establishment which have been issued an "R" permit as defined by law?

Mr. Benton stated that a petition has been submitted as required by law requesting that a special election be called by the police jury as stated above.

Motion was made by Mr. Brotherton, seconded by Mr. Craig, to adopt a Resolution ordering and calling a special election of the qualified electors of Police Jury District 2, Parish of Bossier, State of Louisiana, on December 8, 2018, at which election there shall be submitted to the qualified electors the following propositions:

- (1) Shall the sale of beverages of alcoholic content containing not more than six (6) percent alcohol by volume be permitted by package only and not for consumption on the premise?
- (2) Shall the sale of beverages of alcoholic content containing not more than six (6) percent alcohol by volume for consumption on the premises be permitted?
- (3) Shall the sale of beverage alcohol containing one-half (1/2) of one (1) percent by volume and above for consumption on the premises be permitted?
- (4) Shall the sale of beverage alcohol containing one-half (1/2) of one (1) percent by alcohol and volume and above be permitted by package only and not for consumption on the premises?
- (5) Shall the sale of beverages of high and low alcoholic content be permitted only on the premises of restaurant establishment which have been issued an "R" permit as defined by law?

The President called for public comment. Mr. Rimmer asked what portion will be affected if this is approved by the voting public. Mr. Benton stated that it will apply only to Police Jury District 2.

Mr. Jackson stated that this election could have an unintended consequence for Police Jury District 2 pertaining to alcohol sales. He stated that currently beer is the only alcohol that is allowed to be sold in Police Jury District 2, and if all of the above propositions fail on December 8, 2018, no alcohol sales will be allowed within Police Jury District 2, and

all businesses currently selling and serving alcohol in Police Jury District 2 will be prohibited from doing so. He further stated that the petition to call for a special election submitted to the police jury was presented to increase the alcohol content in Police Jury District 2, but if the propositions fail, no alcohol sales will be allowed.

Mr. Jackson stated that when the original alcohol regulations were put in place, the parish was split into wards and there were no police jury districts. He stated that there has been litigation over the last 30 years concerning these wards, and ward boundaries do not necessarily track police jury district boundaries. He further stated that the courts have ruled that when there has been activity to change the alcohol content in a police jury district that overlaps with a dryer alcohol ward, it throws the left-over portion of the ward into uncertainty. Mr. Jackson stated that if there is no base limit set for alcohol content, low and high content alcohol can be sold and consumed in that portion of the police jury district.

Mr. Jackson stated that in this particular election there will be a portion of Police Jury District 2 that is currently in a beer and liquor ward that could be impacted and ultimately changed.

Votes were cast and the motion carried unanimously.

The following resolution was offered by Mr. Brotherton, and seconded by Mr. Craig:

Jurors were provided a copy of district highway reports and an updated 2018 Road Overlay Program report.

Mr. Altimus reported that the closing to purchase a 12.647-acre tract of land adjacent to Parish Camp was held last Friday. He stated that a masterplan will be submitted in the near future.

Mr. Avery requested that the police jury consider purchasing an approximate 21-acre tract of land located between the courthouse and the Town of Benton ballpark that has recently become available.

Mr. Altimus reported that Governor John Bel Edwards will be at the Cyber Innovation Center at 9:00 a.m. on Monday to make an announcement, and encouraged the police jurors to attend.

Mr. Jackson stated that there has been a lot of discussion on how each parish will handle new rules and regulations pertaining to the Industrial Tax Exemption Program (ITEP). He stated that the state has given the parish 60 days to establish a plan on how the parish will process requests from businesses to participate in the ITEP.

Mr. Jackson reported that a meeting is scheduled for Monday, October 1, 2018, at 10:00 a.m. in the police jury meeting room with the representatives from the Bossier Parish Sheriff's Office, Bossier Parish School Board, City of Bossier City, and Bossier Parish Assessor's Office to discuss establishing criteria to abate taxes for incentives for investment and hiring. He stated that if the parish does not submit a plan within 60 days, the state will impose rules on the parish for tax abatements.

Mr. Bobby Edmiston, Bossier Parish Assessor, stated that the most important portion of the policy is that the police jury is allowed to decide what penalties to put in place for businesses that are approved to participate in the ITEP that are non-compliant with rules and regulations.

Mr. Altimus provided an update on the Kingston Road Park project.

Mr. Ford reported that closings were held last week for the purchase of flood damaged homes in Shadow Ridge Subdivision and Tall Timbers Subdivision. He stated that there are 15 additional flood damaged homes that need to be purchased.

Mr. Ford reported that there are property owners with flood damaged homes that chose not to participate in the Hazard Mitigation Grant Program for the parish to purchase their homes. Mr. Jackson asked if those property owners have reconsidered to participate in the program. Mr. Ford stated that some of the homes that elected not to participate in the HMGP have either been foreclosed on, being sold or the property owners have filed bankruptcy. He stated that the parish has filed all substantial damage letters on flood damaged homes, and building permits will not be issued on any of those properties to rebuild homes.

Mr. Ford stated that efforts are being made to notify mortgage companies of the properties that will not be able to obtain building permits to rebuild in these flood damaged areas.

Mr. Altimus stated that additional funding has been approved and all property owners that received flood damage to their homes will have the opportunity to be bought out.
